The Speakers Register – Access by Clubs

Starting in 2022, the printed lists of judges and lecturers in the CACC Yearbook and in the Photographic Alliance (PAGB) Handbook are replaced by an on-line Register.

A Speaker is someone who offers activities such as judging or lectures, making them available for Club programmes.

Speaker activities are listed in the Speakers Register, which is a service managed by the PAGB on behalf of Federations, such as CACC. Speaker activities are added to the Register only after approval by Federations.

The Register is within the PAGB Entries / Admin system (the CES). To access the Register, an individual must:

1. Have a personal account in the PAGB CES:
 - at: <https://pagbhost.co.uk>
 - or via <http://thepagb.org.uk/services/the-entries-admin-system> where there are documentation guides available.
2. Be approved within the CES as a Club officer or Federation officer.

Any number of Club officers can be approved in the CES and Speakers maintain their activity information in real time, removing the limitations of an annual handbook in limited circulation.
